

Overview

Riemann offer risk management products to the wool industry.

- > Riemann Wool OTC Forwards and OTC Options are cash settled against the Australian Wool Exchange (AWEX*) nominated Micron Price Guides (MPG) (Eastern Average Indicator (EAI) MPG's) or the AWEX Eastern Market Indicator (EMI).
- > These are broad based risk management products that can be used for hedging and trading Australian wool, including option contracts designed to provide efficient hedging strategies.
- > These financial products are available for trading on the Mercari market which holds an Australian Market Licence under the Corporations Act and is regulated by the Australian Securities and Investments Commission (ASIC) - offering a fair, orderly and transparent market place.
- > Promoting real-time price discovery and transparency, Mercari trading system supports the hedging and trading needs of the wool industry.
- > Maturity dates extend out up to three wool clips, and coincide with key wool auction dates.
